

DECLARATION AND POWER OF ATTORNEY

In re Application of: Brian G. Condie, Allan J. Robins, and Scott Allen Noggle

As below named inventors, we hereby declare that:

Our residence, post office address and citizenship are as stated below next to our names. We believe we are the original, first and sole inventors of the subject matter which is claimed and for which a patent is sought on the invention entitled: "**Compositions and Methods for the Control, Differentiation and/or Manipulation of Pluripotent Cells Through a Gamma-Secretase Signaling Pathway,**" the specification of which:

is attached hereto.

was filed on September 30, 2005 as Application Serial No. 10/551,876

(We hereby authorize and request that Sutherland Asbill & Brennan LLP insert the application number in the preceding blank when known)

We hereby state that we have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above. We do not know and do not believe that the same was ever known or used by others in the United States of America before our invention thereof, or patented or described in any printed publication in any country before our invention thereof or more than one year prior to the date of this application. We further state that the invention was not in public use or on sale in the United States of America more than one year prior to the date of this application. We *understand that we have a duty of candor and good faith toward the Patent and Trademark Office*, and we acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, §1.56.

We hereby claim foreign priority benefits under Title 35, United States Code, §119 (a)-(d) of the foreign application(s) for patent or inventor's certificate listed below, and have also identified below any foreign application for patent or inventor's certificate disclosing subject matter in common with the above-identified specification and having a filing date before that of the application on which priority is claimed:
